JOY OF GIVING

ANGER OR HAPPINESS

If anger was a colour ,

**it would be dark red like blood
gushing out of your body**

If anger was a smell ,

it would be like rotten tomatoes.

If anger was a sound ,

it would be like harsh voice.

JOY OF GIVING

*At school we learn about charity, but through the eyes full of clarity .
Do we do charity? Very rarely oh! Why can't we hold an
organization and collect money, not helping one but many. Give them
gain knowledge. Some teens, let's try to send them to college. Let's
all open their doors to a new life offer all the joy of giving full of
happiness and car towards others. When you give them something
their face is full of joy and glee.*

*Let's all pledge to give and help them live. Let's thin about it as the
give and take away.*

*Why do we bother to help them? Let's lead with this act of giving.
Treat them as our brothers and sisters by helping them an help them
for their living.*

MARTYR'S DAY

A FREE INDIA, was only our passion;

I'm happy to say that today we are independent nation.

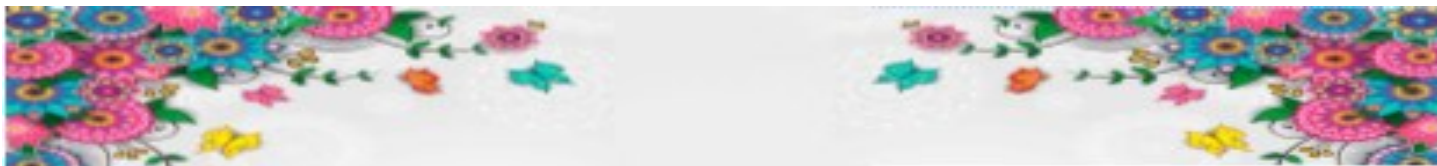

Our freedom fighters were self-dependent and hard-working; They could have easily led the life of a king, but they chose the path of danger and struggle, to free our country from the British shackle, India will always respect them for their service; They were our fighters whom we remember and cherish.

May All The Free Fighters Unite Again;

Because they have struggled lots of pain.

JOY OF GIVING

Joy of giving, joy of giving; Giving something,

Makes someone poor, stay like a king;

If someone is sick, make them fit.

Give them something big, for example a fig.

A fig can help to make someone fit.

Joy of giving;

Makes you and others happy.

If you don't need it, give it someone who really needs it.

For example: you have an old toy and a pair of shoes;

Give it to a poor person and who doesn't know you.

Joy of giving is necessary for the poor.

GIVING A JOY LIKE NO OTHER

Be it no more than a glass of water,
A living walking stick played by daughter,
Care and concern, warm smile, none too hotter.

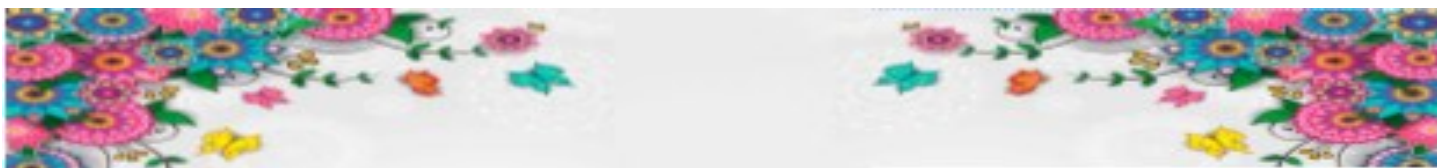

A pair of slippers to feet walking bare,
Not in loud charity to show you care,
Heart-born feelings when show above false air.

Give it in cash if it cant be in kind,
Let it a gift of heart be well inclined,
A gift of every soul, body and mind.

Give, the only joy greater than getting,
Be the joy of giving!

JOY OF GIVING

*The greatest joy comes from giving
and serving.*

*When you make the shift
to support others in your life,
without expecting anything in return,
you'll think less about what you want
and find comfort and joy in the act
of giving and serving. This giving, loving
serving person is the real you.*

STOP POLLUTION

Green grass; Green trees, why to pollute our earth in peace.

Clean clean let us always keep it clean, Mother earth is not so mean.

Global warming is a real concern, so let us work together for the betterment of our mother earth.

How can we live a peaceful life if we pollute the place we live?

How can you even think of polluting the place you live?

Pollution is not a solution.

Protecting the earth for this and the coming generations is our only solution to pollution.

Pollution is not a solution to live a colourful life.

So stop pollution which is the only solution to live a happy and colourful life.....
