# Editorial Note

**Dear Readers ,**

**Another exciting and eventful year has begun .The E-Magazine has been implemented again. We are very happy to publish the first edition for the academic year of 2016-2017.**

**This magazine is a monthly magazine where students exhibit their uninhibited talents and colorful thoughts through the pages of the magazine through poems, articles and stories.**

**This year, We have just made another new beginning, hoping to achieve more in the years to come.....**

**Sit back and Enjoy,**

# Child Labour

Child labour is a nasty thing to do  
Let the children live like you  
Nobody even offers them a rose  
And you listen to music with a Bose

They are very daring  
For them, you aren't even caring  
It is hard, the work they do  
Let them live just like you too

# *Life*

Life is but a stopping place

A pause is what to be

A resting place along the road

To sweet eternity

We all have different journeys...

Different paths along the way,

We all were meant to learn some things

But never meant to stay

Our destination is a place,

For greater than we know

For some the journey is quicker,

For some the journey is slow,

And when the journey finally ends,  
We'll claim a great reward,  
And kind and everlasting peace,  
Together with the lord.....

LIFE

# Money

People's most valued thing on earth is money,  
With it, you can buy so many  
If you have it, to people you are rich  
As a little child I used to wonder what is so big in it  
Then now I realize that all can be done with it  
With money you can buy everything that you want.  
If you have it you won't be the person  
But also share it with some of the few  
Money is valuable....

So use it wisely.....

If u do it then In the future, you will live nicely

# *Responsibility*

Responsibility is the key to achieve success in life

It is not a fee which we pay

But it a duty towards everything

It has its own beauty which shines like anything

Responsibility is to respect everyone,

Understand the value of time

without hearting anyone

# *Responsibility*

At the doormat of my front door  
I saw the message be responsible  
And I went past it each day  
Till one moment it made me think....  
To know what it meant to be responsible,  
Am I able to do it?  
Don't worry my friend  
Its not so hard as you think  
You just have to take some little steps

Close, if you open something,  
Put off if you put on something,  
Place it back if you took something,  
That is what responsibility means

The world is full of challenges,  
And we have to face them all  
By always being responsible,  
We can achieve long.

## *Summer Morning*

The peace of summer morning  
Illuminates the weald  
And spreads its rays adorning  
Deep longings unconcealed.

The merry birds are tweeting  
While flying overhead;  
The misty night is fleeting  
And hails the day ahead.

CRAZY-FRANKENSTEIN.COM

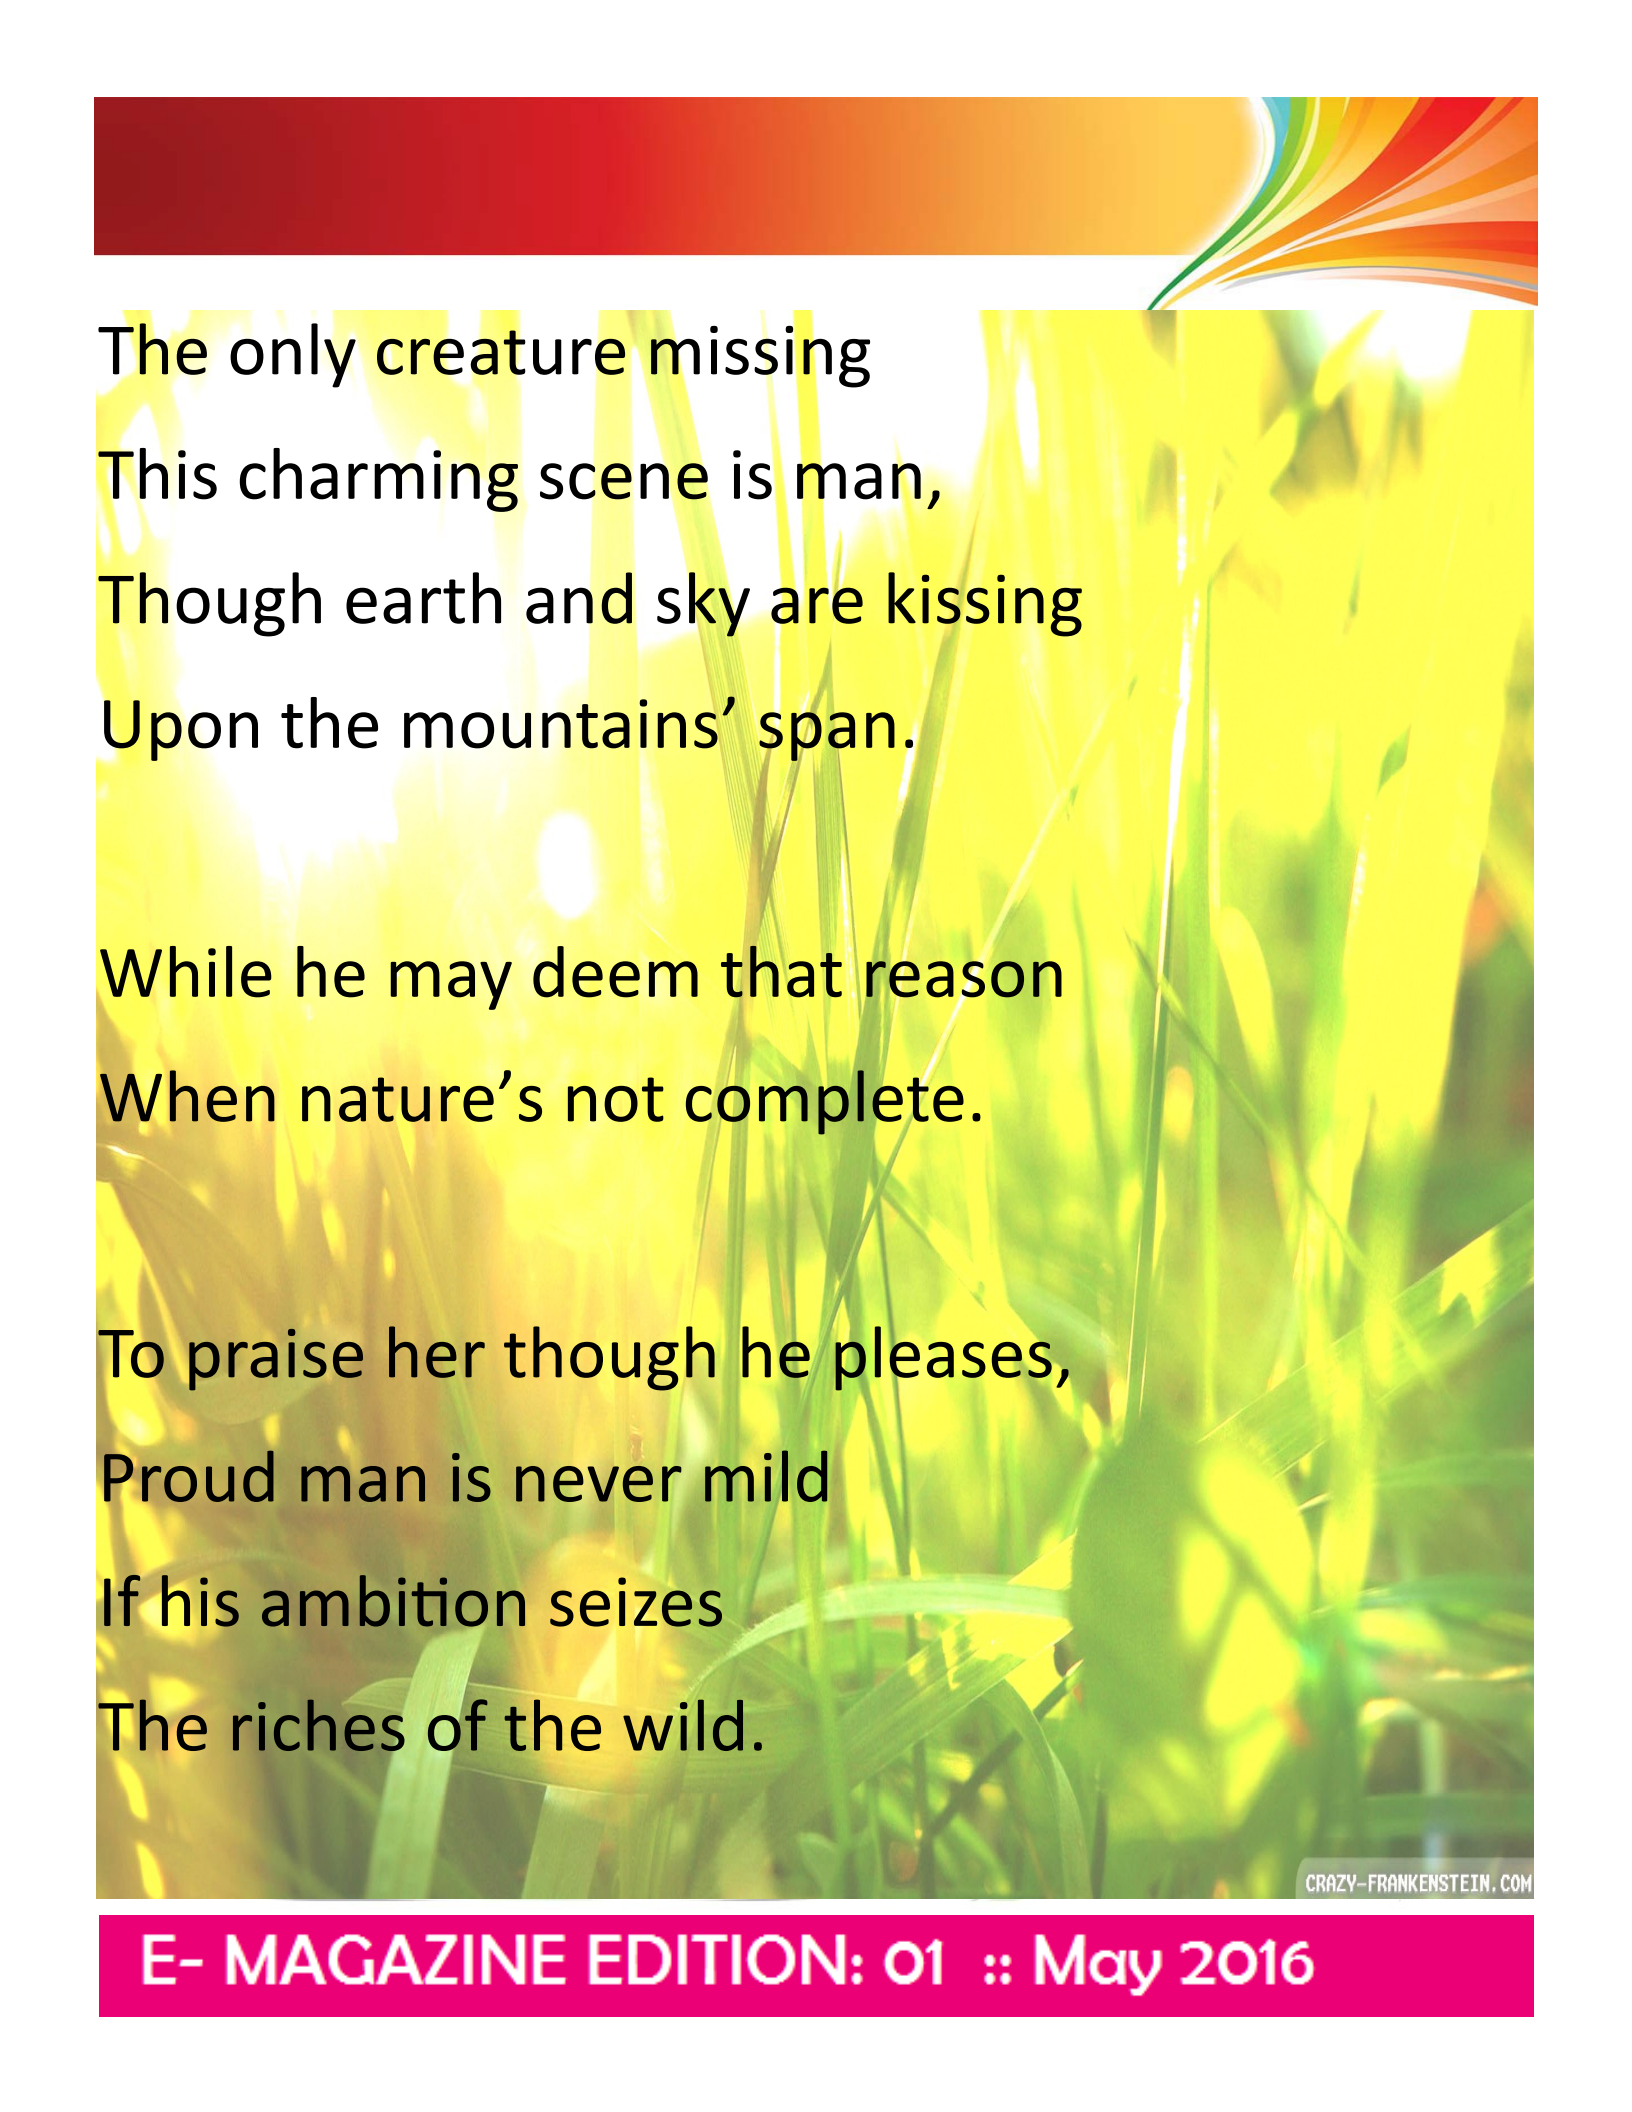

On beds of fragrant flowers  
Small critters slumber on,  
Though from their mossy bowers  
Fair finches greet the dawn.

The forest's blossom rallies  
In council for advice  
On hills and in the valleys:  
A blooming paradise.

How peaceful is this setting  
Where verdure helps forgetting  
Distress and its abyss!

CRAZY-FRANKENSTEIN.COM

The only creature missing  
This charming scene is man,  
Though earth and sky are kissing  
Upon the mountains' span.

While he may deem that reason  
When nature's not complete.

To praise her though he pleases,  
Proud man is never mild  
If his ambition seizes  
The riches of the wild.

CRAZY-FRANKENSTEIN.COM

The trees lie undefended  
From lawlessness and greed  
When care is not extended  
To Mother Nature's need.

When woods are decimated  
And all their treasures lost,  
Who else but man is fated  
To bear this heavy cost?
